Extraordinary design, exceptional engineering and remarkable craftsmanship are central to Aston Martin's ethos of Power, Beauty and Soul and each and every Aston Martin is an expression of this.

High technology and exceptional attention to detail are a big part of the Aston Martin story – along with design, engineering and heritage. From hand-sewing leather interiors to fitting the delicate headlamp assemblies to tiny, precise tolerances, skilled hands work in perfect harmony with the latest cutting-edge processes.

Aston Martin as a brand and a company is constantly evolving and our range reflects the changing demands, aspirations and lifestyles of our customers, from the Cygnet through to the One-77.

Our ability to go the distance, on road and track, is testament to world-beating quality and design. As we edge ever closer to the company's 100th year, Aston Martin stands proud at the head of a long automotive tradition.

Dr. Ulrich Bez
Chief Executive Officer

POWER BEAUTY SOUL

Aston Martin is a brand and a company that has embraced change without compromising its worldwide reputation for understated style and elegance.

Captivating design and unparalleled attention to detail are central to the company's ethos of Power, Beauty and Soul, with perfectly proportioned, flowing bodywork and cossetting interiors that epitomise the marriage of form, function and genuine materials.

An Aston Martin combines power and sporting ability with refinement, luxury and exceptional beauty.

Every Aston Martin expresses the core values of Power, Beauty and Soul, from the breathtaking One-77 and the elegant yet brutal V12 Zagato to the mould-breaking Cygnet, from the powerful Vantage range to the exquisite DB9, Virage, DBS and Rapide.

Bodywork is taut and poised, with strong, muscular surfaces that are instantly recognisable. The sports cars are underpinned by the unique VH (Vertical Horizontal) architecture of bonded and extruded aluminium, which provides exceptional manufacturing flexibility.

HERITAGE —

HISTORY WITH NO FUTURE IS JUST HISTORY. HISTORY WITH A FUTURE REPRESENTS HERITAGE – AND AT ASTON MARTIN THIS GOES BACK TO THE YEAR 1913.

Aston Martin has been delighting discerning drivers with fabulous cars of unmatched pedigree and sporting prowess for almost a century.

The company's founders – Lionel Martin and Robert Bamford – were men of vision, defining the blueprint for all future Aston Martins: characterful, exciting cars, built to exceptional standards and imbued with Power, Beauty and Soul.

Their legacy is still embraced and remains integral to the business' approach of designing and engineering a revolutionary family of critically acclaimed cars that are cherished, driven and raced by enthusiastic owners around the world.

MOTORSPORT —

MOTORSPORT SUCCESS FEATURES PROMINENTLY IN ASTON MARTIN'S HISTORY, AND IN THE DEVELOPMENT OF OUR ROAD CARS TODAY.

From our international debut in 1923 at the French Grand Prix, which rapidly established the marque's racing credentials, to more recent success with the DBR9s taking back-to-back wins in the hotly contested GT1 supercar category at the 2007 and 2008 Le Mans 24 Hours, our commitment to Motorsport over nine decades has never wavered.

2012 sees the launch of the V12 Vantage GT3, a direct replacement of the Aston Martin DBRS9. The new racer is the culmination of six years' experience competing at the forefront of all major international GT series.

It is the lessons learned during these demanding and hugely successful racing programmes that have been filtered back and incorporated into the design and production of our road cars today. Proof, if any were needed, that racing does indeed improve the breed.

CRAFTSMANSHIP —

A VERY SPECIAL CULTURE MAKES ASTON MARTIN GENUINELY UNIQUE – A CULTURE THAT THRIVES ON THE RELATIONSHIP BETWEEN AESTHETIC ENDEAVOUR AND ENGINEERING DISCIPLINE, THAT EMBRACES THE DYNAMIC TENSION BETWEEN CREATIVE ENTHUSIASM AND TECHNICAL VISION.

It is in the marriage of these inspirational opposites, and in the harmonisation of their apparent contradictions, that the marque's unique personality is formed.

It is shaped through the combined vision of designers and technicians united by a common goal – to build the world's most prestigious cars.

DBS CARBON EDITION —

THE DBS CARBON EDITION INTRODUCES A STRIKING SUITE OF SPECIAL EDITIONS OFFERING A CHOICE OF UNDERSTATED FLAIR OR DRAMATIC AESTHETICS.

Carbon-fibre features are appointed extensively throughout; swathes of the finest quality leather enhance the interior environment's luxury feel. Harmonising with the exterior finish; a warm black grille, carbon-fibre mirror heads, carbon rear lamp in-fills and smoked rear lights create a DBS specification like never before.

Distinguishing the Carbon Edition is the carbon-fibre fascia with a carbon weave that has been precisely positioned to follow the form of the dashboard. Only by hand can the fibres be laid to create a perfectly aligned weave.

In addition to the standard specification

- > Carbon Black, Flame Orange or Ceramic Grey metallic paintwork
- > 2+2 seating configuration or lightweight seats with six-way electrical adjustment
- > Obsidian Black (semi-aniline leather in coupe only), Madagascar Orange and Sahara Tan
- > Quilted leather headlining
- > Carbon-fibre fascia with carbon weave centre console trim
- > Carbon sill plaques

V12 ZAGATO —

USING ASTON MARTIN'S EXCELLENCE IN DESIGN, THE V12 ZAGATO IS A MODERN INTERPRETATION OF THE FAMOUS ASTON MARTIN AND ZAGATO COLLABORATION TO CELEBRATE THE ICONIC DB4GT'S 50TH ANNIVERSARY YEAR.

Designed in collaboration with the legendary Italian styling house this unique car is clothed in lightweight hand-formed aluminium and carbon-fibre body panels, endowed with race-proven handling and performance.

Built in a strictly limited production run, the V12 Zagato will become the pride of an exclusive selection of enthusiasts. Powered by a potent 6.0-litre 12-cylinder engine, the V12 Zagato's lightweight, alloy bodywork takes a team of exceptionally skilled craftsmen many hundreds of hours to form by hand. It is nothing short of a work of art.

ONE-77 **SOLD OUT**

THE MOST ADVANCED TECHNOLOGY, DESIGN AND STANDARDS OF CONSTRUCTION, CULMINATING IN ONE OF THE GREATEST SUPERCARS OF ALL TIME.

The One-77 is the purest embodiment yet of all that Aston Martin stands for. From the exquisite fluidity of the hand-crafted aluminium body panels to the immensely powerful 7.3 litre, 750 bhp, V12 engine, nowhere in the car's make up is there the slightest hint of compromise.

Based on a sophisticated carbon-fibre chassis with a hand-crafted aluminium body, this V12 supercar is delivering exhilarating performance for a strictly limited number of discerning customers.

COLOUR AND TRIM—

DESIGN INTEGRITY, TECHNICAL EXCELLENCE, INDIVIDUALITY AND UNDERSTATED ELEGANCE ARE THE VERY CORNERSTONES OF THE ASTON MARTIN ETHOS. OUR COLOUR AND TRIM RANGE IS A TRUE EXPRESSION OF THAT PHILOSOPHY.

An extensive palette of body colours has been created to meet the requirements of our most discerning customers. To achieve an unrivalled finish, each car is painted and finished by hand, receiving up to nine applications of paint – a process that takes more than 50 man-hours.

The exterior colours are perfectly complemented by a wide choice of leather trims and finishes. Crafted from the finest materials, these add elegance and luxury to an interior that is supremely comfortable and rewarding to use.

Of course, your Aston Martin can be finished in any colour you wish, perhaps even a bespoke colour created to your own unique specification. Your Aston Martin dealer will be happy to advise on colours and price.

ACCESSORIES AND OPTIONS —

Updates

Aston Martin Lagonda Limited is constantly seeking ways to improve the specification, design and production of its cars and alterations take place continually. Whilst every effort is made to produce up-to-date literature, this brochure should not be regarded as an infallible guide to current products, options, accessories or specifications, nor does it constitute any offer for sale of any particular car, product, option, accessories and/or services or combination of the same.

This brochure is merely an indication of the kinds of Aston Martin products and services which may be available from time to time. The contents of this brochure represent Aston Martin Lagonda Limited's business as a whole. Text and photographs may relate to models, specifications, options, accessories and/or services that are not available for sale in some countries or which have been superceded or are otherwise no longer available.

Performance results

Performance results, fuel consumption figures and CO₂ emissions data quoted in this brochure are obtained under controlled test conditions (in accordance with applicable regulations) and may vary depending on the specification of the particular car, road and environmental conditions and driving style. Tyre choice may also impact on performance results, fuel consumption, CO₂ emissions, ride comfort and handling.

Published figures should be used for comparison purposes only and verification should not be attempted on public roads. No guarantee is given express or implied of performance results, fuel consumption or CO₂ emissions.

Aston Martin Lagonda Limited strongly urges that all speed laws be obeyed and that safety belts be worn at all times.

The weight of the car will influence the level of CO₂ emitted and as a result, cars with higher levels of specification and factory fit options may emit higher levels of CO₂. However, Vehicle Excise Duty is charged according to the weight of and CO₂ emissions of the standard car, as published in this brochure.

All petrol engines are fitted with a catalytic converter.

Distributors and dealers

Distributors and dealers are not agents of Aston Martin Lagonda Limited and have absolutely no authority to bind Aston Martin Lagonda Limited by any express or implied undertaking or representation. Sales by dealers or agents are subject to their terms and conditions of sale.

No offer of sale

This brochure does not constitute any offer for the sale of any particular car, product, option, accessories and/or services or combination of the same. Aston Martin draws your attention to the fact it does not intend to make all cars for sale in all global markets and does not warrant that the cars are certified, available for sale, and/or suitable for, all global markets.
