**Aston Martin Vanquish Volante wins best car award
at Luxembourg's Gala de l'Automobile 2014**

Frankfurt/Luxembourg, 20 March 2014: The elegant and luxurious Aston Martin Vanquish Volante has won "Den Auto vum Joer 2014" as the best car in *Auto Moto* magazine's "dream and luxury cars" category in Luxembourg.

Respected motoring title *Auto Moto* named Aston Martin's ultimate Volante the winner in its class following a reader vote for "The best cars 2014".

The Vanquish Volante secured victory with 20.77% percent of readers' votes, triumphing over Jaguar's F-Type and the Porsche 911 Convertible in the process.

Jeffrey L Scott, Managing Director of Aston Martin Lagonda of Europe, said of the award: "The new Aston Martin Vanquish Volante is a V12 with phenomenal beauty. It was recognised instantly as one of the most stunning cars in its class and has remained so since the media launch in the United States last year.

"This award shows that the Luxembourg market also clearly appreciates its dynamic, luxurious and clearly defined GT character. We look forward to seeing more of these exceptional new cars in the market as 2014 progresses."

The *Auto Moto* readers' choice for "The best cars" was held this year for the 21st time. This year's competition comprised 71 models in six categories.
